The screenshot displays the DRX-SSX SYSTEM web interface. At the top, there is a navigation bar with links for Status, Reports, Users, Backup, Update, Config, and Database maintenance. The 'Reports' tab is active, and the 'Most Frequently Counted' sub-tab is selected. Below the navigation bar, there is a section titled 'Most frequently counted drugs' with a sub-link 'Most frequently counted drugs by station'. A table titled 'Most frequently counted drugs by station' is displayed, showing a list of drugs and their counts. The table has columns for Serial number, Description, NDC, Drug, and Count. The data is as follows:

Serial number	Description	NDC	Drug	Count
